

MBBS TIME TABLE TERM - I

BATCH 2024-25

SUBJECT	COLOUR CODE
MICROBIOLOGY	Green
PATHOLOGY	Light Blue
PHARMACOLOGY	Light Orange
FORENSIC MEDICINE	Light Green
COMMUNITY MEDICINE	White
SURGERY	Grey
OBG	Blue
MEDICINE	Olive Green
AETCOM	Magenta
PANDEMIC	Yellow
SPORTS AND EXTRACURRICULAR	Red
CLINICAL POSTING	White
AIT	Light Purple

	09:00 -10:00	10:00 - 11:00	11:00- 01:00		1:00-01:30	01.30 - 2.20	02.20-03:10	03:10-04:30
Wednesday 08.10.25	PH 1.1, 1.3 Introduction, Drug Nomenclature Lecture	MI 1.1 Introduction & Hist Lecture	PA 1.2 Batch A Microscope Practical	PH 1.1 Batch B Principles of Pharmacology & Pharmacotherapeutics SGD		Clinical posting		
Thursday 09.10.25	OG1.1,1.2 Introduction of OBG Lecture	MI 1.2 Morphology of bact Lecture	PA1.2 Batch B Microscope Practical	PH 1.1 Batch A Principles of Pharmacology & Pharmacotherapeutics SGD		Clinical Posting		
Friday 10.10.25	PA 1.1 Role of Pathologist in diagnosis and management of disease Lecture	PH 1.5 Routes of drug administration Lecture	PA1.3 Batch A Histopathology techniques and fixatives SGD	PH 1.3 Batch B Drug Nomenclature SGD		Clinical Posting		
Saturday 11.10.25	SU-1.1 Describe basic concepts of homeostasis, enumerate the metab	MI 1.4 Bacterial genetics Lecture	PA1.3 Batch B Histopathology techniques and fixatives SGD	PH 1.3 Batch A Drug Nomenclature SGD		PH 1.6 Pharmacokinetics Lecture	AETCOM Lecture Module 2.1 The foundations of communication Microbiology	

	09:00 -10:00	10:00 - 11:00	11:00- 01:00		1:00-01:30	01.30 - 2.20	02.20-03:10	03:10-04:30
Monday 13.10.25	CM Intro & Plan for 2nd year Lecture	PA 1.2 Defination and terms in Patho with history and evolution of path Lecture	MI 1.10 Batch A: Gram stain-1 Practical	CM 5.1 Batch B Sources of various nutrients & Classification of Practical	L u n c h	Clinical Posting		
Tuesday 14.10.25	MI 1.2 Bacterial Pathogenicy Lecture	PA1.3 Proliferation and cell cycle and concept of regenerative medicine Lecture	MI 1.10 Batch B: Gram stain-1 Practical	CM 5.1 Batch A Sources of various nutrients & Classification of Practical				
Wednesday 15.10.25	PH 1.6 Pharmacokinetics Lecture	MI 1.12 Sterilization and disinfection Lecture	PA1.3 Batch A Tissue Processing Practical	PH 1.4 Batch B Drug formulations, various dosage forms Practical				
Thursday 16.10.25	OG 1.1,1.2 Introduction to OBG Lecture	MI 1.12 Sterilization and disinfection Lecture	PA1.3 Batch B Processing Practical	PH 1.4 Batch A Drug formulations, various dosage forms Practical				
Friday 17.10.25	PA 2.1 Cell injury Lecture	PH 1.6, 1.9 Pharmacokinetics Lecture	PA1.3 Batch A SGD Frozen section, decalcification Practical	PH 1.4 Batch B Drug formulations, various dosage forms Practical				
Saturday 18.10.25	SU- 1.2- Describe the factors that affect the metabolic response to injury Lecture	MI 1.4 Culture Methods Lecture	PA1.3 Batch B Frozen section, decalcification Practical	PH 1.4 Batch A Drug formulations, various dosage forms Practical		PH 1.7 Pharmacodynamics Lecture	PANDEmic Session 1 Microbiology SGD 2.1 Airborn and contact precautions & Lecture 2.1 IIC	PANDEMIC Session 1 Microbiology Lecture 2.1 Visit to isolation ward

	09:00 -10:00	10:00 - 11:00	11:00- 01:00	1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30	
Monday 20.10.25	HOLIDAY			LUNCH				
Tuesday 21.10.25	MI 1.2 Physiology of bacteria Lecture	PA 2.2 Etiology of cell injury Lecture	Batch A : MI 1.10 AFB stain -1		FM14.4 Batch B: Age estimation (DOAP)	Clinical Posting		
Wednesday 22.10.25	HOLIDAY							
Thursday 23.10.25	OG 2.1 Anatomy of female reproductive tract Lecture	MI 1.3 Molecular Methods for Diagnosis SGD	PA22.1 BatchB Physical and chemical examination of urine Practical		PH 1.4 Batch A DOAP Drug delivery systems Practical	Clinical Posting		
Friday 24.10.25	PA 2.3 intracellular accumulation of fats, proteins, carbohydrates, pigments	PH 1.7 Pharmacodynamics Lecture	PA22.1 Batch A Physical and chemical examination of urine Practical		PH 1.4 Batch B DOAP Drug delivery systems Practical	Clinical Posting		
Saturday 25.10.25	IM 4.4 Pathophysiology and Manifestations of Inflammatory Causes of Fever	MI 11.1 AST Antimicrobial Susceptibility testing Lecture	PA Batch B		PH 1.5 Batch A Routes of drug administration Practical	PH 1.7, 1.9 Pharmacodynamics	SPORTS	

	09:00 -10:00	10:00 - 11:00	11:00- 01:00		1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30
Monday 27.10.25	CM 5.2 Nutritional assessment Lecture	CM 5.2 Nutritional assessment			L U N C H	Patho Lecture	MI 1.6 Batch A Demonstration of appropriate method of	Practical FM Batch
Tuesday 28.10.25	MI 1.2 Overview of Parasitic infections Lecture	PA 2.4,2.5 Necrosis, Apoptosis, calcification and gangrene Lecture	MI1.6 Batch B Demonstration of appropriate method of collection Practical	Batch A: Forensic Medicine (DOAP) FM14.4 Age estimation		Clinical Posting		
Wednesday 29.10.25	PH 1.11, 1.12, 1.13 ADRs Lecture	MI 1.2 Overview of Parasitic infections Lecture	PA22.1 Batch B Microscopic Practical	PH 1.5 Batch B Routes of drug administration SGD		Clinical Posting		
Thursday 30.10.25	HOLIDAY					HOLIDAY		
Friday. 31.10.25	PA2.6,2.7,2.8 Cellular adaptation, Cellular aging and apoptosis Lecture	PH 2.1 Introduction to ANS Lecture	PA22.1 Batch A Microscopic examination of urine Practical	PH 1.5 Batch B Simulation Drug administration through various routes Practical		Clinical Posting		
Saturday 01.11.25	IM 4.5 Malignant Causes of Fever Lecture	MI 10.2 HAI & Standard Precautions Lecture	PA 2.8 Batch B Cell injury specimen and slides DOAP Practical	Practical Pharma Batch A Simulation PH 1.5 Drug administration through various routes		PH 2.2 Cholinergic drugs Lecture	AETCOM Lectrue Module 2.8 What does it mean to be a family member of a sick patient. Microbiology	

	09:00 -10:00	10:00 - 11:00	11:00- 01:00		1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 -
Monday 03.11.25	FM 1.3,1.4 Legal Procedure & courts in India Lecture	PA3.1,3.2 Acute inflammation and mediators	MI 1.10 Batch A Stool microscopy 1 Practical	CM 5.1 BATCH B nutritional requirements Practical	LUNCH	Clinical Posting		
Tuesday 04.11.25	MI 1.10 Overview of fungal infections SGD	PA 3.3,3.4 Chronic inflammation Lecture	MI 1.10 Batch B Stool microscopy 1 Practical	CM 5.1 BATCH A Special nutritional requirement Practical		Clinical Posting		
Wednesday 05.11.25	HOLIDAY					HOLIDAY		
Thursday 06.11.25	OG2.1 Physiology of female reproductive tract Lecture	MI 1.10 Overview of fungal infections SGD	PA 3.4 Batch B Specimen and slides of DOAP Practical	PH 1.5 Batch A Simulation Drug administration through various Practical		Clinical Posting		
Friday. 07.11.25	PA 3.3,3.4 Granulomatous inflamation	PH 2.2 Anticholinergic drugs	PA 2.8 Batch A Cell injury specimen and slides DOAP Practical	PH 1.5 Batch B Simulation Drug administration through various routes Practical		Clinical Posting		
Saturday 08.11.25	IM 4.8 Fever of Unknown Origin	MI 1.12 Chemical disinfectants Lecture	PA5.6 Batch B Specimen and slides of infarction DOAP Practical	PH 1.5 Batch A Simulation Drug administration through various routes Practical		PH 1.5-1.7,1.9 Class Test General Pharma	AETCOM Lectrue Module 2.8 What does it mean to be a family member of a sick patient. Micrbiology	

	09:00 -10:00	10:00 - 11:00	11:00- 01:00	1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30
Monday 10.11.25	CM Lecture 5.3 common nutrition related health disorders & management	PA 4.1 Wound healing lecture	MI 1.2 Batch A Overview of Viral infections SGD Practical	FM 14.4 Batch B Age estimation SGD	LUNCH	Clinical Posting	
Tuesday 11.11.25	MI 1.2 Antimicrobial agents, antimicrobial resistance	PA 5.1,5.2 Edema,hyperaemia, congestion and hemorrhage	MI 1.2 Batch B Overview of Viral infections SGD	FM 14.4 Batch A Age estimation SGD		Clinical Posting	
Wednesday 12.11.25	PH 2.1, 2.3 Adrenergic, antiadrenergic drugs Lecture	MI 2.1 Immunity (innate and acquired) Lecture	PA 3.4 Batch A Specimen and slides of inflammation DOAP	PH 1.12 Batch B Pharmacovigilance SGD		Clinical posting	
Thursday 13.11.25	IM 9.2 AIT Anemia PA 13.4 Morphological Characteristics, and Prevalence of anemia Lecture	MI 2.2 Antigen SGD	PA 6.7 Batch B Specimen and slides of benign and malignant neoplasm DOAP	PH 1.12 Batch A Pharmacovigilance Feedback SGD		Clinical Posting	
Friday 14.11.25	PA5.3 Shock Lecture	PH 2.1, 2.3 Adrenergic, anti-adrenergic drugs Lecture	PA 5.6 Batch A Specimen and slides of infarction DOAP	PH 10.8 Batch B Essential Medicines, FDCs, OTC, Herbal drugs SGD		Clinical Posting	
Saturday 15.11.25	1.3 Describe basic concepts of perioperative care SGD	MI 2.2 Antibody	PA 9.2 Batch B Specimen and slides of amyloidosis DOAP Practical	PH 10.8 Batch A Essential Medicines, FDCs, OTC, Herbal drugs		PH 2.1, 2.3 Adrenergic, antiadrenergic drugs	PANDEMIC Session 2 Microbiology Lecture 2.1 IIC

	09:00 -10:00	10:00 - 11:00	11:00- 01:00		1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30	
Monday 17.11.25	CM 5.3 common nutrition related health disorders & management Lecture	FAP CM 5.5 Plan & recommned suitable diet				PATHO	PRACTICAL BATCH A = MI 1.13 Sterilization and disinfection (including CSSD	FM14.4 Batch B: Forensic Medicine (SGD) Age estimation FEEDBACK SESSION	
Tuesday 18.11.25	MI 2.5 Antigen -antibody reaction Lecture	PA 5.4 Normal haemostasis and consequences of thrombosis Lecture	MI 1.13 Batch B: Sterilization and disinfection (including CSSD	FM14.4 Batch A Forensic Medicine Age estimation FEEDBACK SESSION (SGD) Practical	LUNCH	Clinical Posting			
Wednesday 19.11.25	PH 2.6 Histamine, anti-histaminics Lecture	MI 2.5 Antigen -antibody reaction	PA6.7 Batch A Specimen and slides of benign and DOAP Practical	PH 1.8 Batch B Effect of drugs on BP using CAL Practical		Clinical posting			
Thursday 20.11.25	OG3.1 Physiology of conception Lecture	MI 2.3 Immune responses	PA13.2 Batch B Non- aligned Role of Practical	PH 1.8 Batch A Effect of drugs on BP using CAL Practical		Clinical Posting			
Friday 21.11.25	Patho Lecture PA 5.5 Ischemia/infarction, embolism	PH 2.8 Drugs modulating 5HT Lecture	PA9.2 Batch A Specimen and slides of amyloidosis DOAP Practical	PH 1.8 Batch B Effect of drugs on BP using CAL Practical		Clinical Posting			
Saturday 22.11.25	IM 9.11 PA 17.2 Bone marrow aspiration & biopsy. AIT Anemia Lecture	MI 2.2 Complement System Lecture	PA 10.1-10.2 Batch B Malaria, cysticercus SDL Practical	PH 1.8 Batch A Effect of drugs on BP using CAL Practical		Pharma Lecture PH 2.7 PGs, NSAIDs	SPORTS		

	09:00 -10:00	10:00 - 11:00	11:00- 01:00	1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30
Monday 24.11.25	FM2.4,2.5,2.6,2.7 THOTA 2011, Modes of death, presumption of death & survivorship, suspended Lecture	PA 6.1. Neoplasia Lecture	MI 2.2 Batch A SGD Components of immune system Practical	FM 14.9 Batch B: Examination of skeletal remains (DOAP) Practical	LUNCH	Clinical Posting	
Tuesday 25.11.25	HOLIDAY					HOLIDAY	
Wednesday 26.11.25	PH 2.7 PGs, NSAIDs Lecture	MI 2.7 Autoimmunity SGD	PA13.2 Non- aligned Role of anticoagulants, Hb estimation Practical	PH 1.11,1.12 Id Batch B Practical entification & management of ADRs SDL Session-I PH 10.8 Essential medicines list for healthcare facility Practical		Clinical posting	
Thursday 27.11.25	IM 4.3 Pathophysiology and manifestations of fever due to dengue & chikungunya	MI 2.6 Immunoprophylaxis SGD	PA 13.4 Batch B Hematological test RBC count Practical	Pharma Practical Batch A Practical PH 1.11, 1.12 Identification & management of ADRs SDL Session-I PH 10.8 Essential medicines list for healthcare facility		Clinical Posting	
Friday 28.11.25	PA 6.2 Molecular basis of cancer Lecture	PH 2.8 Drugs for RA & Gout	Batch A PA 10.1-10.2 SDL Malaria,cysticercus Practical	Pharma Practical Batch B SGD PH 1.10 Drug use in Geriatrics, Paediatrics, special situations		Clinical Posting	
Saturday 29.11.25	SU-2.1 Describe pathophysiology of shock, types and management.	MI 2.6 Immunoprophylaxis SGD	Practical Patho Batch B PA 10.3-10.4 SDL Leprosy, coman bact, viral,helmintic ds	Pharma Practical Batch A SGD PH 1.10 Drug use in Geriatrics, Paediatrics, special situations		PH 2.1-2.3 ANS Class Test Lecture	AETCOM Module 2.8 What does it mean to be a family member of a sick patient. Microbiology

bg	09:00 -10:00	10:00 - 11:00	11:00- 01:00		1:00-01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30	
Monday 01.12.25	.3 Changes after death Ea	PA 7.3 Carcinogenesis Lecture	MI 2.5 BATCH A Antigen-antibody reaction Practical	CM 5.6 BATCH B National Nutritional Policy Practical	LUNCH	Clinical Posting			
Tuesday 02.12.25	MI 2.7 Immunodeficiency disorders Lecture	PA 6.5 laboratory diagnosis of cancer, tumor marker Lecture	MI 2.5 BATCH B Antigen-antibody reaction Practical	CM 5.6 BATCH A National Nutritional Policy Practical		Clinical Posting			
Wednesday 03.12.25	PH 2.5 Local Anaesthetics Lecture	Test – General Micro	PA 13.4 Batch A Perform haematological test RBC count Practical	PH 10.9 Batch B Drug dose calculation SDL Session-II Reflection PH 10.8 Essential medicines list for healthcare facility		Clinical posting			
Thursday 04.12.25	OG4.1 Development of fetus Lecture	MI 2.7 Hypersensitivity Lecture	PA 13.4 Batch B Perform haematological test WBC count Practical	PH 10.9 Batch A dose calculation SDL Session-II Reflection PH 10.8 Essential medicines list for healthcare facility		Clinical Posting			
Friday 05.12.25	PA6.6 immunology and immune response to cancer Lecture	PH 2.4 Skeletal muscle relaxants Lecture	PA 10.3-10.4 Batch A SGT Leprosy, coman bact, viral, helminthic ds Practical	PH 10.9 Batch B Drug dose Calculation Feedback Practical		Clinical Posting			
Saturday 06.12.25	SU-2.2- Sem- Fluid management in shock	MI 2.7 Hypersensitivity Lecture	PA10.4- 10.5 Batch B Protozoal and COVID SGT	PH 10.9 Batch A Practical Drug dose calculation Feedback Practical		Pharma Lecture AIT-Anemia PH 4.1, PA 14.2, 15.1 Recap Phase-I Iron Metabolism	AETCOM Module 2.2 The foundations of bioethics Pharmacology		

	09:00 -10:00	10:00 - 11:00	11:00- 01:00	1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30
Monday 08.12.25	CM 5.3 Common nutrition related health disorders Lecture	Patho Lecture PA13.1 Hematopoiesis and role of anticoagulants	MI 10.3 Batch A HH & PPE-1 & Practical SGD	FM 14.9 Batch B Examination of skeletal remains (DOAP)	LUNCH	Clinical Posting	
Tuesday 09.12.25	MI 2.2 MHC and graft rejection lecture	Patho Lecture PA13.2 Define Anemia and classify	MI 10.3 Batch B HH & PPE-1 & Practical SGD	FM14.9 Batch A Examination of skeletal remains (DOAP)		Clinical Posting	
Wednesday 10.12.25	PH 4.1, IM 9.13 AIT-Anemia Drugs for Anemia & haematopoietic factors Lecture	MI Immunology Lecture	PA10.4- 10.5 Batch A Protozoal and COVID SGT	PH 10.9 Batch B Practical Calculation of dosage in special situations Practical		Clinical posting	
Thursday 11.12.25	OG 4.1 Development of fetus lecture	MI 3.1 CVS syndrome SDL	PA13.4 Batch B Perform hematological test DLC	PH 10.9 Batch A Practical Calculation of dosage in special situations Practical		Clinical Posting	
Friday 12.12.25	PA 14.1 Iron metabolism, microcytic hypochromic anemia Lecture	PH 4.1, IM 9.13 AIT-Anemia Management of Anemia Lecture	PA13.4 Batch A Perform hematological test WBC	PH 10.7 Batch B Pharmacogenomics & Pharmacoeconomic SGD		Clinical Posting	
Saturday 13.12.25		MI 3.2 Infective Endocarditis SGD	PA11.1 Batch B Cytogenetic abnormalities and mutation in childhood SGT	PH 10.7 Batch A Pharmacogenomics & Pharmacoeconomics SGD		AIT Anemia	

	09:00 - 10:00	10:00 - 11:00	11:00- 01:00	1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30	
Monday 15.12.25	CM 5.5 methods of nutritional surveillance principles Lecture	FAP			LUNCH	Patho Lecture	MI 10.3 Batch A BMW management & Spill Management Practical	FM14.9 Batch B: Forensic Medicine : (DOAP) Examination of skeletal remains Practical
Tuesday 16.12.25	MI 3.6 Enteric fever Lecture	PA15.1 metabolism of vitamin B12 and macrocytic anemia Lecture	MI 10.3 Batch B BMW management & Spill Management & Practical	FM 14.9 Batch A (DOAP) Examination of skeletal remains		Clinical Posting		
Wednesday 17.12.25	PH 4.6 Introduction to CVS, RAAS Lecture		PA13.4 Batch A Perform hematological test DLC Practical	PH 1.11,1.12 Batch B To recognise and report an ADR Practical		Clinical posting		
Thursday 18.12.25	SU-4.1- burns - types	MI 3.1 RHD Lecture	PA13.4. Batch B perform test Hb Practical	PH 1.11,1.12 Batch A To recognise and report an ADR Practical		Clinical Posting		
Friday 19.12.25	PA15.2 Megaloblastic anemia Lecture	PH 4.5 Diuretics and antidiuretics Lecture	PA11.1 Batch A SGT Cytogenetic abnormalities and mutation in childhood	PH 1.11,12 Batch B To recognise and report an ADR Practical		Clinical Posting		
Saturday 20.12.25	SU-4.1 Burns treatment	MI 3.5 Brucellosis Lecture	PA11.1 Batch B Cytogenetic abnormalities and mutation in childhood SGT	PH 1.11,1.12 Batch A To recognise and report an ADR Practical		PH 2.6 -2.8 Class Test Autacoids Lecture	PANDEMIC Session 3 Community Medicine 2.2 Identification, Prevention & Control	PANDEMIC Session 3 SGD Lecture Community Medicine 2.2 Challenges faced in control

	09:00 -10:00	10:00 - 11:00	11:00- 01:00		1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30
Monday 22.12.25	FM2.1, 2.2, 2.3 Changes after death Early postmortem changes Lecture	PA 8.1 Immunity	MI 1.4 BATCH A Gram Stain-2 & AFB-2 SDL MI 3.5 Plague Session I Practical	FM14.9 Batch B: Examination of skeletal remains (DOAP) Practical	LUNCH	Clinical Posting.		
Tuesday 23.12.25	MI 3.5 Rickettsial infections SGD	PA8.2 Hypersensitivity reaction Lecture	FM14.9 Batch A Examination of skeletal remains (DOAP) Practical	MI 1.4 BATCH B Gram Stain-2 & AFB-2 SDL MI 3.5 Plague Session I Practical		Clinical Posting		
Wednesday 24.12.25	PH 4.2,4.4, IM 2.23 Anticoagulants and antiplatelet drugs AIT-IHD Lecture	MI 3.5 leptospirosis and borreliosis	PA13.4. A Hb BATCH perform test Practical	PH 1.4. 1.5 Batch B Log book Certification Feedback Practical		Clinical Posting		
Thursday 25.12.25	HOLIDAY					HOLIDAY		
Friday 26.12.25	PA8.3 HLA system Lecture	PH 4.3, IM 2.23 Fibrinolytics and anti-fibrinolytics AIT-IHD Lecture	PA14.2 BATCH B Peripheral smear in microcytic anemia PRACTICAL	PH 1.4. 1.5 Batch A Log book Certification Feedback PRACTICAL		Clinical Posting		
Saturday 27.12.25	HOLIDAY					HOLIDAY		

	09:00 -10:00	10:00 - 11:00	11:00- 01:00	1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30
Monday 29.12.25	CM 5.12 5.13 Breastfeeding holds Lecture	PA8.4 Autoimmunity Lecture	MI 3.7 Batch A Enteric Fever-Blood Culture and Choice of Test	CM Batch B 5.7 5.8 Describe food hygiene, food fortification	LUNCH	Clinical Posting	
Tuesday 30.12.25	MI 3.10 Infections causing anaemia Lecture	PA7.1 technique of cytology Lecture	MI 3.7 Batch B Enteric Fever-Blood Culture and Choice of Test Practical	Practical CM Batch A 5.7 5.8 Describe food hygiene, food fortification		Clinical Posting	
Wednesday 31.12.25	PH 4.7, IM2.23 Antihypertensive drugs AIT-IHD Lecture	MI 3.5 PUO & BSI SGD	PA14.2 Batch A Peripheral smear in microcytic anemia Practical	Practical Pharma Batch B SGD PH 4.5 Diuretics and antidiuretics		Clinical Posting	
Thursday. 01.01.26	OG 4.1 Placenta Lecture	MI 3.5 Plague Session-2 SGD	PA11. 2 Batch B Tumor and tumour like condition in infancy and childhood Practical SGT	Batch A SGD PH 4.5 Diuretics and antidiuretics Practical		Clinical Posting	
Friday 02.01.26	PA8.5 Systemic lupus erythematosus Lecture	PH 4.7, IM2.23 Antihypertensive drugs and drugs used in shock AIT-IHD Lecture	PA11.2 Batch A SGT Tumor and tumour like condition in infancy and childhood Practical	PH 2.1-2.3 Batch B Tutorial ANS Practical		Clinical Posting	
Saturday 03.01.26	SU-7.1 Planning and conduct of surgical audit	MI 3.11 Malaria Lecture	PA14.2 Patho Batch B Peripheral smear in macrocytic anemia Practical	PH 2.1-2.3 Batch A Tutorial ANS Practical		Pharma Lecture AIT-IHD PH 4.8, IM2.23 Antianginal drugs, MI, Peripheral Vascular Disease	AETCOM Module 2.4 Working in a health care team Pathology

	09:00 -10:00	10:00 - 11:00	11:00- 01:00	1:00-01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30			
Monday 05.01.26	FM2. 8,2,9,2.10 Late Postmortem changes, estimation of time since death Lecture	PA8.6 HIV and AIDS Lecture	MI 1.4, 11.1 Batch A Culture Media, Culture Methods & AST Practical	FM14.9 Batch B: Forensic Medicine : (DOAP) Examination of skeletal remains Practical	Clinical Posting					
Tuesday 06.01.26	HOLIDAY							HOLIDAY		
Wednesday 07.01.26	PH 4.8, IM2.23 Anti-anginal drugs, MI, Peripheral Vascular Disease AIT-IHD Lecture	MI 3.11 Malaria Lecture	PA 14.2 Batch A Peripheral smear in macrocytic anemia	PH 4.8 Batch B Antianginal drugs Logbook Certification PH 1.12, 10.9 SGD				Clinical posting		
Thursday 08.01.26	OG 7.1 Physiological changes during pregnancy	MI 3.11 leishmaniasis Lecture	PA11.3 Batch B Storage disorder in infancy and childhood SGT	PH 4.8 Batch A SGD Antianginal drugs Logbook Certification PH 1.12, 10.9 Practical				Clinical Posting		
Friday 09.01.26	PA9.1 Amyloidosis Lecture	PH 4.11, IM 2.23 Drugs for dyslipidaemias AIT-IHD Lecture	PA11.3 Batch A Storage disorder in infancy and childhood SGT	PH 2.4, 2.5 Batch B Skeletal muscle relaxants Logbook Certification PH 1.5 SGD LA				Clinical Posting		
Saturday 10.01.26	Sem-SU-7.2 Principals and steps of clinical research in surgery.	MI 3.11 leishmaniasis SGD	Batch B Revision test of general pathology	PH 2.4, 2.5 LA, Batch A SGD Skeletal muscle relaxants Logbook Certification PH 1.5 Practical				PH 4.9 Drugs for Heart Failure Lecture	AETCOM Module 2.4 Working in a health care team Pathology	

LUNCH

Note: This schedule is subject to changes as per Departmental & institutional requirements.

	09:00 -10:00	10:00 - 11:00	11:00- 01:00	1:00- 01:30	01.30 - 02.20	02:20 - 03:10	03:10 - 04:30
Monday 12.01.26	IA1 Micro THEORY EXAM						
"Tuesday 13.1.26	HOLIDAY						
Wednesday 14.1.26	IA1 Patho THEORY EXAM						
Thursday 15.1.26	HOLIDAY						
Friday 16.1.26	IA1 Pharma THEoRY EXAM						
Saturday 17.1.26	HOLIDAY						
Monday 19.1.26							
Tuesday 20.1.26	IA1 Forensic medicine THEORY EXAM						
Wednesday 21.1.26	IA1 PRACTICALS BATCH A : Micro BATCH B: Pharma BATCH C: Patho. BATCH D : OFF						
Thursday 22.1.26	IA1 PRACTICALS BATCH A : OFF BATCH B: Micro BATCH C: Pharma. BATCH D : Patho						
Friday 23.1.26	IA1 PRACTICALS BATCH A : Patho BATCH B: OFF BATCH C: Micro. BATCH D : Pharma						
Saturday 24.1.26	IA1 PRACTICALS BATCH A : Pharma BATCH B: Patho BATCH C: OFF. BATCH D : Micro
