| Monday 13.07.26 | CM | Patho lecture PA31.1,31.2,31.3 Pathogenesis of iodine dependency of thyroid swellings, thyrotoxicosis and hypothyroidism | Practical Micro Batch A : Revision Case Based Exercise | Practical FM Batch B : SGD Visit to mortuary | LUNCH | Clinical Posting | | |
| Tuesday 14.07.26 | Micro Lecture : MI 5.1-5.3 CNS | Patho Class test PA 30.1-30.5 Breast | Practical Micro Batch B : Revision Case Based Exercise | Practical FM Batch A : SGD Visit to mortuary | | Clinical Posting | | |
| Wednesday 15.07.26 | Pharma Lecture PH 9.5 Antiseptics and Disinfectants | Micro Tutorial : MI 1.7-1.11 Immunology | Practical Patho Batch A SG T PA31.5 Diabetes mellitus | Practical Pharma Batch B: SGD PH 10.5 Legal & ethical regulations of prescribing drugs | | Clinical posting | | |
| Thursday 16.07.26 | Test 2 [internal assessment, Feedback and Reflection of ANC care] | Micro Tutorial MI 8.5, 8.6 HIC | Practical patho Batch B SGT PA31.5 Diabetes mellitus | Practical Pharma Batch A: SGD PH 10.5 Legal & ethical regulations of prescribing drugs | | Clinical posting | | |
| Friday 17.07.26 | Patho Lecture PA31.4,31.6 Thyroid tumours and hyperparathyroidism | Pharma Lecture SDL Session-I PH 1.64 Drug development, Clinical trials | Practica Patho Batch A PA31.10 Etiology, Pathogenesis, manifestation, laboratory and Morphologic Adrenal neoplasm | Practical Pharma Batch B: SGD PH 1.2 Rational use of drugs Logbook certification PH 10.4 | | Clinical posting | | |
| Saturday 18.07.26 | SU 9.2 Tutorial - Biological basis for early detection of cancer and multidisciplinary approach in management of cancer | Micro Tutorial MI 9.6 National health programmes | Practical Patho Batch B PA31.10 Etiology, Pathogenesis, manifestation, laboratory and Morphologic Adrenal neoplasm | Practical Pharma Batch A: SGD PH 1.2 Rational use of drugs Logbook certification PH 10.4 | | Pharma Lecture Revision PH 8.1-8.11 Chemotherapy | PANDEMIC Session 8 Lecture Pharmacology 2.5 Therapeutic strategies, Pharmacy lab visit ADR monitoring exercise, Drug trials | PANDEMIC Session 8 SGD Pharmacology Pharmacovigilant activities, reflection, summative assessment |

| | | | | | | | |
|-------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------|--------------|--------------------------------------------------------------------|---------------|
| Monday 20.07.2 | FM Lecture FM 8.6, 8.7, 8.8 Principles of diagnosis and management of common poisons, basic methodologies in treatment of poisoning | Patho lecture PA31.7,31.8,31.9 Pancreatic cancer, adrenal insufficiency and Cushing syndrome | Practical Micro Batch A : Revision Case Based Exercise | Practical FM Batch B : SGD Visit to mortuary | LUNCH | Clinical Posting | |
| Tuesday 21.07.26 | Micro Lecture : MI 1.1- 1.6 General Microbiology | Patho test PA26.1- 26.10, 29.1-29.9 Heart, FGT | Practical Micro Batch B: Revision Case Based Exercise | Practical FM Batch A : SGD Visit to mortuary | | Clinical Posting | |
| Wednesday 22.07.26 | Pharma Lecture SDL Session-II PH 1.64 Drug development, Clinical trials | Micro Tutorial : MI 2.1- 2.7 CVS and blood | Practical Patho Batch A. PA33.4 Common tumors of the skin | Practical Pharma Batch B: Simulation PH 1.5 Drug administration through various routes | | Clinical posting | |
| Thursday 23.07.26 | Contraception OG 21.1 | Micro : MI 6.1- 6.3 Respiratory System | Practical patho Batch B: PA33.4 Common tumors of the skin | Practical Pharma Batch A: Simulation PH 1.5 Drug administration through various routes | | Clinical posting | |
| Friday 24.07.26 | Patho PA 35.1 Retinoblastoma | Pharma Lecture Revision PH 6.1, 6.2 GIT | Practical Patho Batch A PA34.3 Etiology of meningitis based on CSF | Practical Pharma Batch B: Practical PH 1.8 Effect of drugs on blood pressure using CAL | | AIT: Diabetes Mellitus | |
| Saturday 25.07.26 | SU 10.1 Lec - Principles of peri operative management of common surgical procedures | Micro MCQs Test | Practical Patho Batch B PA34. 3 Etiology of meningitis based on CSF | Practical Pharma Batch A : Practical PH 1.8 Effect of drugs on blood pressure using CAL | | Pharma Lecture Class Test PH 8.1-8.11 Chemotherapy | SPORTS |
